

TONY RANDAZZO

FULL STACK DEVELOPER

I'm currently studying to be a web developer and game developer. I don't have any job experience yet but I'm very likely to learn new things and improve my skills.

SKILLS

- HTML, CSS
- Bootstrap, Tailwind
- PHP
- MySQL
- Javascript
- React JS
- GDScript

EDUCATION

HIGHSCHOOL

Liceo Classico Vittorio Emanuele II
2018-2023

LEARNING COURSE

Infobasic
2023-2024

LANGUAGE

English(B2 Cambridge Certificate)
Italian

EXPERIENCE

SELF-TOUGHT (2022-2023)

I started to learn HTML, CSS and some game engine such as Godot Engine, Construct and Unreal Engine (also Blender for 3D models) by myself with courses on YouTube and Udemy. Here's some projects I made:

- My own portfolio (HTML,CSS, JS)
- A school presentation about the Vietnam War (HTML,CSS)
- "Snake Game" (a game of the classic Snake made with GDScript, Godot Engine published on Play Store)

INFOBASIC (2023-2024)

I'm attending a full stack developer course at Infobasic and I'm learning how to use Javascript and React JS for the frontend and PHP and MySQL for the BackEnd. Here's some projects I made:

- "Guess The Number" (a simple game made with HTML,CSS, JavaScript)
- Simple Management Form (HTML,CSS, PHP, MySQL)
- "Dino-Mania" (final project for the course. work in progress that will be made with HTML, CSS, Javascript, React Js, Laravel, MySQL)
